Hat they say hat when they don't have hat
Communication & Graphic Design
Video length: 20'39"
2022

Artist and graphic designer Anais Kim makes fascinating reflections about media, image, and presence. She has recently exhibited in Venice, Athens, London, Rome, Amsterdam, Brussels and Paris. Her work on display at the XIV Florence Biennale, titled "Hat they say hat when they don't have hat" reflects her most recent video works. Anais Kim's new work expresses the principle of space that is never linear. Artist motif

as a moving video work is characterized by realizing spatial phenomena in the present.

She states: "When one present extincts, a separate present is created. In principle, a crack refers to the enlargement of another present (...) When a space is destroyed, a separate space is created. In principle, a crack refers to the enlargement of another space. The human mind is also like that".

Exhibition Interview 전시 인터뷰

1/ 간단한 작가님의 소개 부탁드립니다.

‘현재’에 관심이 많은 작가 김은경입니다. 타이포그래피를 재구성하고 사고(생각)를 만드는 그래픽 디자이너이기도 하죠.

2/ 작품을 시작하게 된 계기는 무엇이었나요?

제 작업방식을 이야기 해 드리면, 공간에 대한 원리를 토대로 하루하루 해석하는게 재미있더라고요. 특정한 시스템이 구축되지 않으면, 지속해서 하나의 맥락을 만들어내는 과정을 계속 하고 있습니다. 올해 Biennale 전시가 확정되었는데, 시작의 연장선을 만들어볼까 하는 계기로 전시를 열게 되었어요.

3/ 이번 전시에 설치된 작품중 가장 기억에 남는 작품이 있나요?

Represent ‘다시 선사하다’라는 작품이 이번 전시에서 많은 부분을 차지합니다. 작업이 어느 순간 길게 분리가 되더라고요. 전시 구성을 하고 있던 제게 많은 영감을 주었는데, 사실 reflection에 가까운 이 작품은, subject와 공간을 연구하게 되었던 점이 그렇습니다.

4/ 이번 전시에서만 볼 수 있는 특별한 점은 무엇인가요?

‘Spring’이라는 작품에서 공간의 원리는 결코 직선적이지 않다는 것을 표현하고자 하였으며, 모티브가 되었던 ‘현재’에서 공간적 현상들을 움직이게 만들어 보았습니다.

5/ 관객분들에게 전달하려는 메세지가 있으실까요?

‘하나의 공간이 파멸되어야 분리된 공간이 생겨난다. 원칙적으로 균열은 다른 공간의 커짐을 말한다. 사람의 마인드도 그러하다’가 제가 전달하려는 전시 메세지입니다.

6/ 작가님의 꿈, 목표하는 바가 있으실까요?

어떤 형식으로든 그동안에 찾은 시스템을 더욱 간결하게 하고 싶습니다.

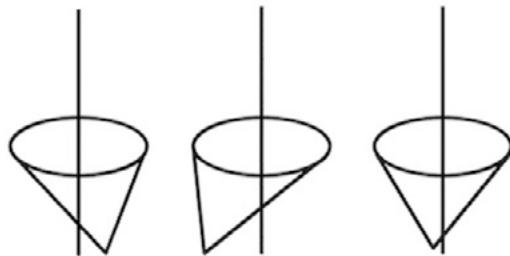

7/ 마지막으로 작가님의 예술은 무엇일까요?

가까운 사물과 멀리 있는 현상의 연결점을 찾아서 표현하는 것.

서촌 TYA는 2023년 1월 27일부터 2월 02일까지 김은경 작가의 초대 개인전을 개최한다. 김은경 작가는 ‘현재’에 관심이 많고 타이포그래피를 재구성하여 사고를 만드는 그래픽 디자이너이다. 김은경은 주로 유럽을 기반으로 작품 활동을 이어왔으며 한국에서는 두 번째 개인전을 갖는다.

이번 《Present》에서는 디지털 프린팅 13점, 설치 1점 그리고 영상 2점으로 총 16점이 전시될 예정이다. 이번 전시에서 선보일 김은경의 신작 <Spring>은 공간의 원리가 결코 직선적이지 않다는 것을 표현하며 작가의 모티브가 되었던 ‘현재’에서 공간적 현상들을 움직이는 영상작업으로 구현했다는 특징이 있다.

작가는 이번 《Present》를 통해 관람객에게 “하나의 공간이 파열되어 분리된 공간이 생겨난다. 원칙적으로 균열은 다른 공간의 커짐을 말한다. 사람의 마인드도 그러하다”라는 메세지를 전달한다.

전시관람료는 무료이다. <http://www.newsbride.net/news/articleView.html?idxno=170679>

what is art for you?

Any unfamiliarity to interpret.

how did you get to your current artistic practice?

Note that the essential conception of the project is system. Living 3 years in Canada and 4 years in London studying about design, it occurred to me designers are always looking for solutions that fulfil relationship with everyday objects. Accessible presence of public environment becomes possible in terms of productibility, and focus primarily on detailed gesture for impact.

how is your creative process?

The art and design influences and their importances never change. Their roles and publishing mediums could become separate to previous projections and exhibitions. As a graphic designer and part artist, my process brings sculptural training to seek ways of ordering.

How is the most challenging part about creating your artworks?

Organising project objectives with stakeholders by scheduling, assembling, and publishing. Also, the elaboration of the project HAIES.

Which art themes do you pursue? What is your preferred subject, if there is any?

The mindset has changed a lot, and is now very interesting for development projects!

do you agree with our vision of art and what do you think about the theme of the exhibition?

The context between the movements and environment often involved themes of the exhibition for impact.

in which way the artwork presented in our exhibition is connected with the exhibitions theme?

Moving artwork refers to transformative effects unravelling environment such as 'Library'. The artworks presented reenact or inquire simple approach to elaborate.

After project realisation and completion of solo exhibition, Oblique Concis 1/86400 (2021), artist's project, Library (Shelves), is selected for interaction exhibition in LA/California(2022). Following Geometry project is featured for exhibition in museum(2022). Library is a project about impact, transformative informations, and iterations.

The Library is selected to exhibit in Venice. More updates of artist creation are exhibited and they are now available in publications at Florence. Current artwork selected for exhibition in London is open to public through October.

1. Please give us a brief bio of yourself and your design background.

[+](#)

Hi! I'm Anais Kim from South Korea. I am a graphic designer and a participating artist in the XIV Biennale. My artistic motif goes beyond stainless steel works extending beyond the system to a diverse range of areas. This includes designing symbols, motions, and typography.

2. What made you become/why did you choose to become a designer/artist?

[+](#)

What do I stand for? Liberation and movement, also lining favourites. As a graphic designer and part artist, my publishing book questions about design thoughts, and human relationship between everyday objects.

3. Tell us more about your agency/company, job profile, and what you do.

[+](#)

In site plans, I always look for solutions that full relationship with everyday objects. Geometric tools become possible in terms of productibility and focus primarily on detailed gestures for impact. When times of reducing axis in size, amount, or extent by a cautious selection of steps. Organising project objectives with stakeholders by scheduling, assembling, and publishing.

4. What does "design" mean to you?

[+](#)

To me design would be the decision making, perhaps even reflecting the idea of the notion. The idea is to turn them and make them into something symbolic.

5. What's your favorite kind of design and why?

+

My kind of design would be making designs that reflect the idea and solution I need. The objective of my project was to find ways to provide ordering through exhibition work. So with the recently awarded artworks, I could now separate my previous projections and exhibitions, making this project a possible way to provide ordering of my product.

6. To you, what makes a "good" design?

+

A good design requires it to be symbolic, and iconic, in essence coming from a complicated contribution of the environment.

7. How did you come up with the idea for your award-winning design?

+

My inspiration came from replicas of books which were in concrete forms.
